

Time Truck

Demonstrate your understanding of the area and your investment in the local community

MOLA

MUSEUM OF LONDON ARCHAEOLOGY

The Time Truck is a mobile events and exhibition space, interactive lab and classroom. Delivering a wide range of activities, on and off-site, it offers support throughout the lifecycle of your development.

A Time Truck that works for you

Working with you to develop a tailored strategy, we will handle design, delivery and evaluation. All of our activities are insured, and delivered by skilled, qualified professionals.

Engaging the public should not be seen as an onerous obligation, but as a means of education, promotion and publicity that is beneficial to both the archaeological profession and the developer.

Guidance from Historic England, Greater London Archaeology Advisory Service

‘ The Time Truck helps us to meet our sustainable business objectives and to take the heritage unlocked by our developments into the very heart of the communities we work in. ’

Martin Jepson, President & COO of Brookfield Property Partners, European Offices Division and Mike Rayner, Head of Development at Oxford

Public consultation

A bespoke public consultation strategy

in support of planning applications

Achieve planning permission, galvanise local support and inspire stakeholders in our walk-in display space. We'll work with you on a bespoke public consultation strategy to support the critical milestones in the life of your scheme.

27,000 visitors to the archaeology display at Spitalfields Market

Nearly 3,000 visitors to Crossrail archaeology in 30 hours

Community engagement

Vehicle to deliver on planning obligations

Deal with the perceived negative impacts of development and fulfil planning requirements by building links with local schools and community groups. Our community archaeologists deliver engaging heritage sessions in our interactive learning space, from workshops and lectures to oral history sessions.

Develop staff

Support CPD obligations for professional bodies and associations

Inspire and motivate your team and develop their professional skills and knowledge. Our specialists deliver CPD and informative sessions, both on and off-site, engaging and informing employees about the heritage aspects of planning and construction.

‘ I understand more about archaeology, the processes and when and how to involve archaeologists. ’

Feedback from CPD with Sweett Group

‘ Using the archaeology stories gave us brilliant press coverage and created a really positive focus for the resident community. ’

Sue Brown, Senior Managing Director,
FTI Consulting

Marketing and public relations

Publicise your scheme to secure stakeholder buy-in

Animate your public space with displays and events and make it stand out to potential investors, Local Authorities, tenants and visitors. We'll help you harness the power of heritage and archaeological discovery as a promotional and marketing tool for your development.

Please get in touch to discuss using the Time Truck to support your programme by delivering your sustainable business objectives and celebrating the heritage of your project.
